

CONVEY-ALL[®] CST-850

THE ALL NEW, MORE VERSATILE TENDER FROM **CONVEY-ALL**

Full Stainless Body and Conveyor | 3 Compartments | Front Deck | 2 Ton/Minute Unload

The **Convey-All CST-850** is the perfect blend of versatility and reliability for your farm or agri-business. Designed with three compartments, it allows you to transport multiple seed varieties, grain, or dry fertilizer with ease. The front deck and optional liquid tank configurations add even more flexibility, helping you streamline your planting or seeding process.

Built on a heavy-duty air-ride trailer with a full stainless steel body and conveyors, the CST-850 is engineered for durability and long-term performance. A self-contained gas drive engine powers the system, ensuring you're ready to go, wherever and whenever you need it.
